

# NEW KARTING GENERATION

**FIA** AUTHORIZED SERIES

**FIA WORLD COUNCIL HAS CONFIRMED THE WSK WORLD SERIES AND THE WSK EURO SERIES.**

**OPENING OF REGISTRATION IN WSK EURO SERIES: TODAY 150 DRIVERS TOGETHER WITH THE LEADING MANUFACTURERS AND 40 TEAMS HAVE ALREADY ENTERED.**

**MAGLIE, ITALY. JANUARY 7<sup>TH</sup>, 2010**

**FIA AUTHORIZES THE WSK INTERNATIONAL SERIES.** At the World Council in Monte Carlo, the last December 11th, the International Automobile Federation has given its approval to the international series the WSK Promotion is going to organize current year. The latest karting innovation for 2010 consists in the WSK World Series whose CIK-FIA authorized regulations provide for the awarding of the Drivers title and the Cup of the World for teams in the classes Super KF, KZ2, KF2 and KF3. The international karting circle will have therefore a double goal to achieve and, for the first time during its fifty-year-long history, the opportunity to compete into a championship over three different continents. In fact, the three rounds of 2010 WSK World Series will take place in Europe, America and Africa.

**WSK TITLES IN EUROPE AS WELL.** The calendar the WSK Promotion has set up and FIA has completely approved, includes also the WSK Euro Series that consisting of five rounds over three European countries, will put up as a prize the Drivers title and the EuroCup for teams. There will be five classes with KZ1 in addition to the four classes already competing in the WSK World Cup.

**THE TOP OF WORLD KARTING IS READY TO START.** Every karting driver aspires to compete in WSK Promotion's series. This is particularly true for top drivers: indeed, today marking the opening date for registration, the leading international Manufacturers have already entered in a few hours, together with 150 drivers and 40 Teams.
